

Cooke Foundation, Limited

Beautification Award for Public Schools

2023 Funding Opportunity Guidelines

Purpose

Children deserve to be surrounded by beauty. A beautiful environment at school is conducive to learning and encourages respect for one's school, respect for others and respect for oneself. Participation in maintaining such an environment nurtures a sense of community and develops school pride. Seeing the transformation of an environment through one's own efforts creates a sense of personal accomplishment and empowerment.

Eligibility and priorities

- Nominees must be Hawaii public elementary, middle or high schools, including charter schools.
- The Cooke Foundation plans to award \$5,000 in 2023 to one elementary school, one middle school and one high school that have completed projects that add significantly to the overall appearance and ambiance of the school. A total of \$15,000 will be awarded.
- Participation by outside organizations, including businesses, is permitted. However, no appearance of advertising will be allowed.
- Please note: The Beautification Awards recognize previously completed projects. Nominations that request support for future activities will not be considered.

Criteria

Nominations should demonstrate a significant improvement in a school's appearance through landscaping and/or other improvements in the appearance of a school's buildings and property, including such things as student artwork. The planning and execution of the beautification project should engage students in a meaningful way. Parents, faculty/staff and community members should also be involved. A plan for maintaining the beautification project must also be developed. Maintenance of the improvements must involve participation by the school family and may also involve participation by outside organizations.

In the event that nominations in a particular school level category do not meet the above criteria, the Trustees may consider nominations in that category from previous years which have not received an award.

Application Process

Nominations must be submitted online through Hawai'i Community Foundation's [Grants Portal](#). To submit a nomination, your school must first establish an online account with the Hawai'i Community Foundation to access the online application. Registered users may log in to their account to submit an application. Please give yourself adequate time before the submission deadline to access the system and familiarize yourself with the application process and requirements.
